

THE VIRAL (INFECTIOUS DISEASE AND EPIDEMIC) FEAR RACKET ¹

[Fear Inc](#) [Medical Industrial Complex \(Allopathy Inc\)](#) [Medical Mafia Rackets](#)

'A pandemic virus needs to win only once and it could be the end of humankind.'--[Media](#) "Epidemics are biomarkers for pollution."---- [Jim West](#)
"Traditionally, the power of [medical sciences](#) has been based on the fear of disease, particularly infectious disease."--[Peter Duesberg](#) (Inventing The AIDS Virus).

"The whole aim of practical [politics](#) is to keep the populace alarmed -- and hence clamorous to be led to safety -- by menacing it with an endless series of hobgoblins, all of them imaginary."-- [H.L. Mencken](#)

"In 1937 Dr. [Jungeblut](#) demonstrates that ascorbate ([Vit C](#)) inactivated tetanus toxin, & inactivates [Diphtheria](#) toxin." ~ [Andrew W. Saul](#)

[The Virus Hunters. The [False flags PSYOPS](#) of the medical cartel. Notice how it usually comes from 'abroad' --*Asian, Hong Kong, Australian, Spanish, West Nile*, or 'from' an animal -- *Bird, Avian, Swine, Monkey* (['Foreign viruses'](#), ['One plane ride away'](#)), with [vaccine caused Spanish Flu](#) being the main driver. All part of [The Disease Protection Racket](#). The false foundation stone of the viral racket are the [Lateral flow tests](#) & [PCR tests](#).

In [Virus Mania](#), Claus Köhnlein shows that these alleged contagious viruses are, in fact, particles produced by the cells themselves as a consequence of certain stress factors such as drugs, as said by [Dr Ryke Geerd Hamer, M.D.](#) (emotional trauma) and the [Pleomorphists](#) (see: [Infections & poisons](#) [Infection & nutrition](#)), the original being [Bechamp](#) from over 130 years ago. That is how long this hoax has been running, by the likes of [Rumsfeld](#), almost as long as the 200 year vaccine one. Avoid vaccines as that is the way they like to deliver the poisons or start an 'infectious' scare e.g. AIDS ([Heb B vaccine](#)), [Spanish Flu](#) (soldiers given 15 vaccines), [Swine Flu](#) 1976, [Gulf War Syndrome \(Anthrax vaccine\)](#). And if they gave a rat's ass about us they would be using the well proven (60 years and 1,200 medical citations) cure for all infections---[Vitamin C](#), but they can't do that as it would destroy the lucrative viral vaccine industry, with Allopathy Inc/Drug Industry following (and the government), as only medical politics keeps [Nutritional Medicine](#) from ousting Allopathic medicine.

Of course, apart from fuelling the gravy train known as vaccination and anti-virals like [Tamiflu](#) (and assorted disease promoting industries like the CDC), epidemics are a great way to hide industrial pollution ([Toxic air](#)), and a big red flag is the fact no mention is ever made of industrial pollution or toxicology (see: [Jim West](#)). A classic example being the [1953 UK 'epidemic'](#). Some of these media Fearmongers have more of a vested interest than most, e.g. [John Oxford](#). **Summary:** Ignore the real cause of 'viral' diseases ([Toxic air](#), poverty, junk food, [nutrition](#), drugs, sanitation, [poisons](#)), suppress the effective medicine (Naturopathy, Natural Hygiene, Homeopathy, Herbalism, Nutritional Medicine), hype the dangers of these diseases, kill and burn the animals to hide the true causes: factory and chemical farming.]

Viruses are a byproduct of diseased tissue. They are cellular debris. We've been tricked into thinking they are the cause of disease, so we "combat" them by injecting ourselves with synthetic chemicals, which ironically leads to more diseased tissue and more viruses.

Hi. We're here to stop you from seeking and learning the simple truth that there is no scientific basis to the claim that any "virus" exists as a mechanism for disease causation in humans or animals.

Contagion Myth -Session 1 Tom Cowan

Contrary to what most people believe, there are no pathogenic viruses. The claims about the existence of viruses and viral diseases are based on historical misinterpretation.

"Virus Mania is a social disease of our highly developed society. To cure it will require conquering fear, fear being the most deadly contagious virus, most efficiently transmitted by the media. *Errare humanum est sed diabolicum preservare...* (to err is human, but to preserve an error is [diabolic](#))."-

"They're rewriting history to change your perception; to alter your emotions. That could lead you to vaccinate out of fear. Popular press is altering peer pressure so that vaccinating parents will verbally abuse and ostracize non-vaccinators. It's medieval behavior and it's ramped up thru the internet."

"The school medicine protagonists/practitioners need the paralysing, stupid-making and destructive fear of disease causing phantom viruses as a central basis for their existence:

Firstly, in order to harm many people with vaccinations, in order to build up for themselves a clientele of chronically ill and ailing objects who will put up with anything being done to them.

Secondly, in order not to have to admit that they are failing totally in their treatment of chronic illnesses and have killed and are killing more people than all wars so far have made possible."

GERM THEORY (PASTEUR)	CELLULAR THEORY (BECHAMP).
1. Disease arises from micro-organisms outside the body.	Disease arises from micro-organisms within the cells of the body.
2. Micro-organisms are generally to be guarded against.	These intracellular micro-organisms normally function to build and assist in the metabolic processes of the body.
3. The function of micro-organisms is constant.	The function of these organisms changes to assist in the catabolic (disintegration) processes of the host organism when that organism dies or is injured, which may be chemical as well as mechanical.
4. The shapes and colours of micro-organisms are constant	Micro-organisms change their shapes and colours to reflect the medium
5. Every disease is associated with a particular micro-organism	Every disease is associated with a particular condition.
6. Micro-organisms are primary causal agents.	Micro-organisms become "pathogenic" as the health of the host organism deteriorates. Hence, the condition of the host organism is the primary causal agent.
7. Disease can "strike" anybody.	Disease is built by unhealthy conditions.
8. To prevent disease we have to "build defences".	To prevent disease we have to create health.

[GERM THEORY vs. CELLULAR THEORY PASTEURIAN](#) GERM THEORY vs [BECHAMP](#) CELLULAR THEORY

“These microorganisms (germs) feed upon the poisonous material which they find in the sick organism and prepare it for excretion. These tiny organisms are derived from still tinier organisms called microzyma. These microzyma are present in the tissues and blood of all living organisms where they remain normally quiescent and harmless. When the welfare of the human body is threatened by the presence of potentially harmful material, a transmutation takes place. The microzyma changes into a bacterium or virus which immediately goes to work to rid the body of this harmful material. When the bacteria or viruses have completed their task of consuming the harmful material they automatically revert to the microzyma stage.” ~ Antoine Bechamp

Modern Medicine is firmly founded on the "Germ Theory of Disease" promulgated by Louis Pasteur in the 1860's.

Pasteur published much fraudulent data and was guilty of many counts of "scientific misconduct," violating rules of medicine, science, and ethics.

"The entire fabric of the germ theory of disease rests upon assumptions which not only have not been proved, but which are incapable of proof, and many of them can be proved to be the reverse of truth. The basic one of these unproven assumptions, wholly due to Pasteur, is the hypothesis that all the so-called infectious and contagious disorders are caused by germs."
